EDUCATION

Federal College of Education Katsina

Katsina, Nigeria

National Certificate in Education (Certificate in CS); GPA: 4.55

February, 2021 – October, 2024

Objective

Frontend Developer with hands-on experience in **React, Node.js, and modern web technologies**, seeking to contribute to innovative projects at LiiLab. Passionate about building responsive, user-friendly applications and eager to grow in a collaborative, fast-paced environment. Excited to expand my skills in **Next.js and Tailwind CSS** while contributing to cutting-edge solutions.

SKILLS

- **Languages:** JavaScript, HTML, CSS
- **Frontend:** React, Redux, Material UI, Tailwind CSS (learning in progress), Next.js (learning in progress)
- **Backend:** Node.js, Express.js
- **Database:** MongoDB
- **Tools:** Postman, Thunder Client, MongoDB Compass, GitHub, VS Code
- **Soft Skills:** Problem-solving, Team Collaboration, Communication, Adaptability

PROJECTS

1. MyJournals | Academic Journals Platform

- Built a unified platform for academic journals using **React, Node.js, and MongoDB**.
- Implemented **Micro Frontend Architecture** using Single SPA for seamless performance.
- Collaborated with a team of developers to ensure smooth integration of frontend and backend systems.
- Features: User authentication, journal search, and responsive design.
- **Tech Stack:** React, Node.js, Express.js, MongoDB.
- [Live Demo](#)

2. Fakebook | Social Media Clone

- Developed a responsive clone of Meta's Facebook using **React, Node.js, and MongoDB**.
- Worked in a team to implement features like social logins, authentication, and state management.
- Ensured high responsiveness across mobile, desktop, and tablet devices.
- **Tech Stack:** React, React Router, Express.js, MongoDB.
- [Live Demo](#)

3. Library Management System

- Created a comprehensive library system with features like book management, user authentication, and responsive design.
- Collaborated with peers to design and implement the system, ensuring scalability and usability.
- **Tech Stack:** React, Node.js, Express.js, MongoDB.
